

# UI Style Guidelines

UX/UI Implementation for MOE **My150**

# Contents

A quick way to maneuver through the document.

- [C](#) Color >
- [T](#) Typography >
- [I](#) Icons >
- [H](#) Hierarchy >
- [S](#) Spacing
- [R](#) Resources

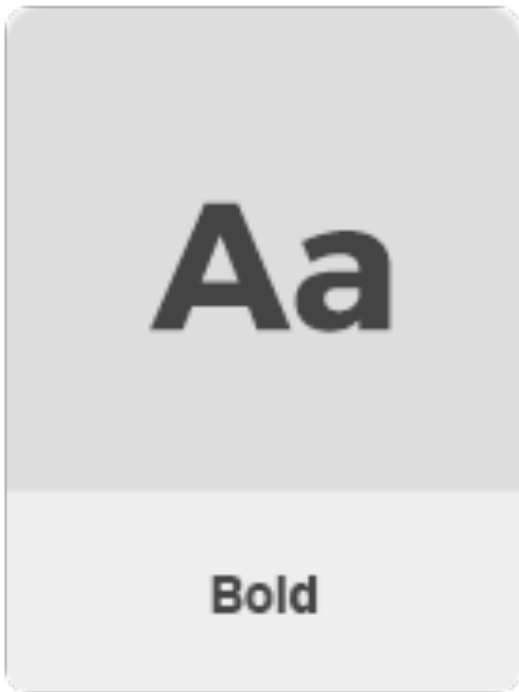

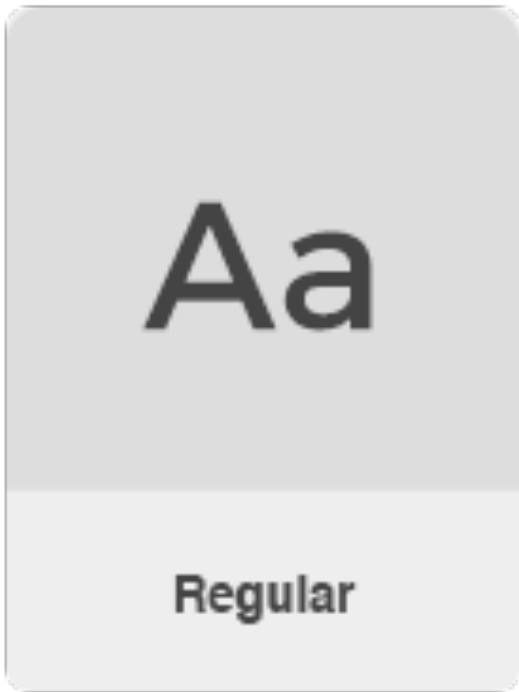

The sparse use of color throughout the interface allows for content to take center stage. None the less, the use of color provides emphasis and increases user recognition and readability.

Color Palettes

The use of typography throughout the interface is adds emphasis and personality to the interface. Found below is font styling and sizing information.

Font Styles

Font Family and Sizing

Font Family: **Montserrat**

h1. This header is HUGE. Font Size: 36px

There are 3 main sections inherent in all page layouts that have been designed for this interface. The purpose of each section is outlined below.

The topmost section serves to frame the logo while calling attention to the global primary actions.

Header  
Section

Content  
Section

The center section serves to frame the main interface content.

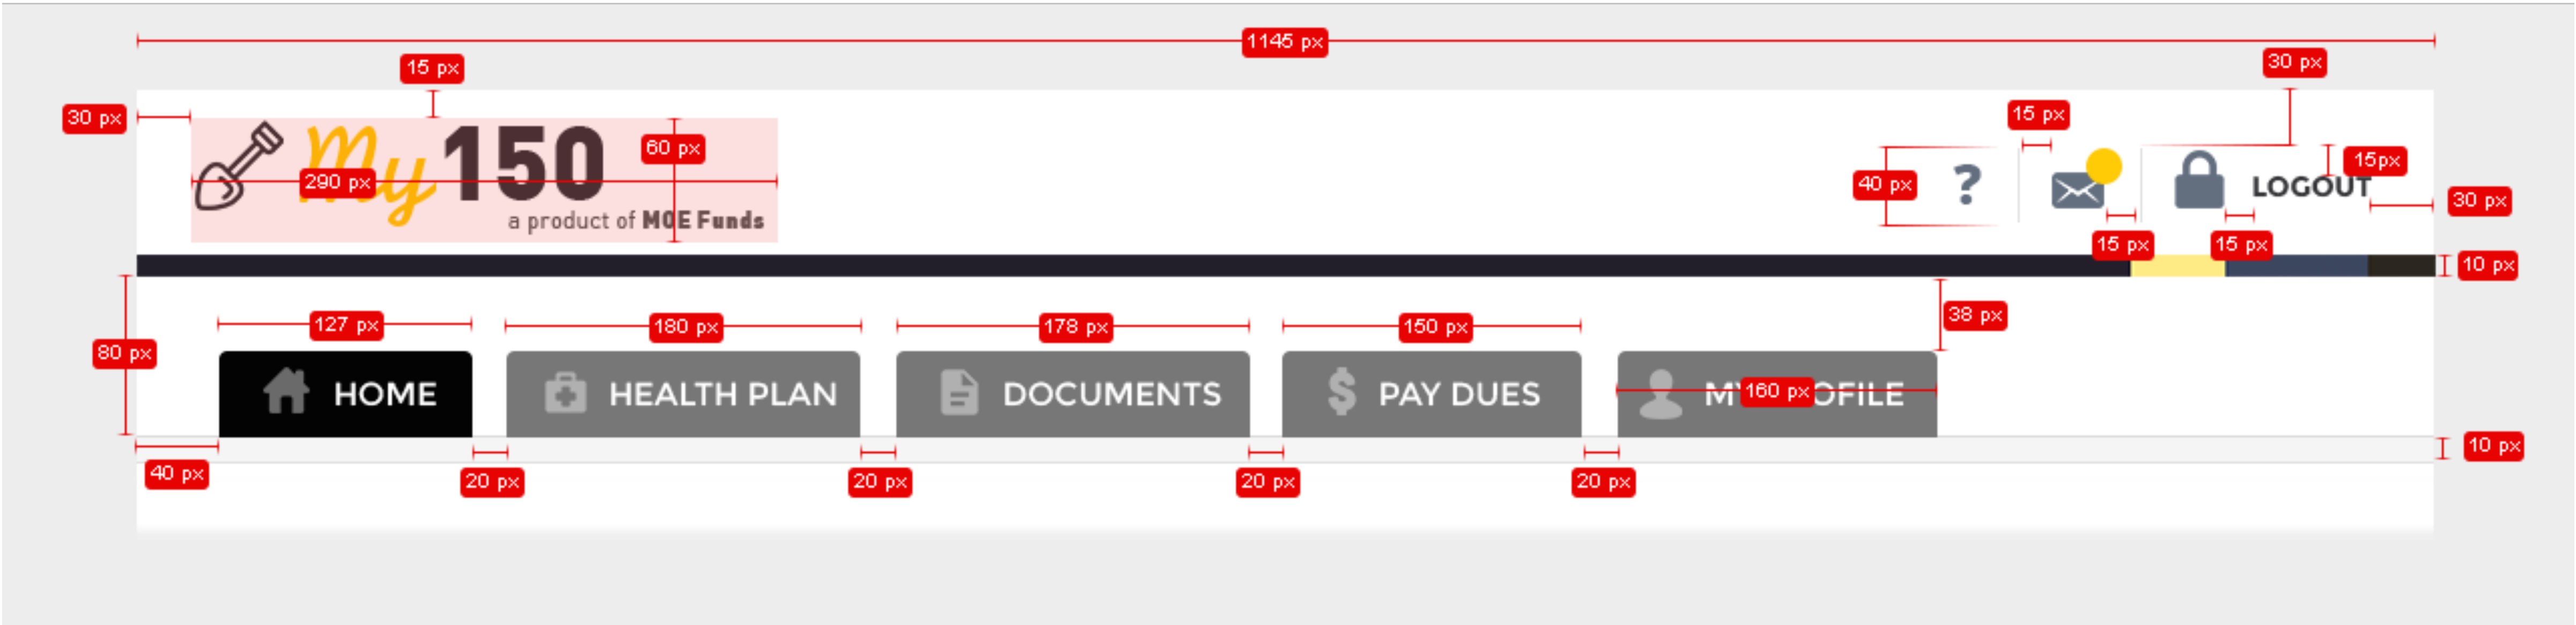

The bottom section serves to frame copyright, legal, and contact actions.
